- Owned with Wilmoth Ranch & ABS Global
- Stock Fund was always a favorite of visitors to ORigen with a valuable combination of individual performance and EPD excellence to complement his structural soundness, freedom of movement and the look of an Angus herd sire.
- This genomic-enhanced EPD superstar came charging to the top of the spring 2019 calf crop at Express with a phenomenal adj. YW of 1,630 lbs. and an adj. 365-day URE measure of 18.9 sq. in. to balance a birth ratio of 91 with a weaning ratio of 109, a yearling ratio of 116 and a URE ratio of 115 as his dam's first natural calf.
- His dam now has weaned four calves with an average ratio of 108 at both weaning and yearling and her three progeny scanned have the average URE ratio of 108 one would expect with Stock Fund's adj. 365-day URE measure of 18.9 sq. inches.

- Owned with Griswold Cattle, Maple Lane Angus, Nowatzke Farms & Callahan Cattle Co.
- Cattle have to have the right “look” to fit into our program, they MUST come from a strong maternal program, here is a bull that does both and comes in an ultra elite calving-ease package. He also stands to be excellent on PAP and marbling for those out West and those chasing a premium on the kill floor!
- EXAR Elba 9501 is one of the power cows in the Angus world, she sold to Riverbend Ranches for \$650,000 and has proven time and again to produce progeny that demand a premium.
- He is big hipped, bold ribbed, good looking, and if you chase the numbers he has them lined up. Don't sacrifice your bottom line and the things that make YOU money. Bedlam is a bull that puts it all in one package!
